

HOLLY'S FOREMAN KILLED WITH HIM

American Killed by Bandits
Buried at El Rubio By
U. S. Troops.

The body of P. H. Holly, who was assassinated by Villistas near El Rubio, was buried by a detachment of the sixth infantry on May 1, in a cemetery at El Rubio. The dispatch to Gen. Funston stated that Holly had been a scout with a detachment of the sixth under Lieut. Wetherill and that he had aided in the capture of two Villistas on April 23.

Foreman Also Killed.
On April 29 Holly informed Lieut. Wetherill that he proposed to return to his ranch, 15 miles northeast of El Rubio, and was advised against taking such a risk. Holly said he thought it was safe and, going to his ranch, was killed by a band of Villistas, his Mexican foreman meeting death with him.

Learning of the raid upon Holly's ranch the detachment of infantry went to the property and there found Holly and his foreman dead. The two men were buried in the El Rubio cemetery, the grave being especially marked in case at a later day the remains should be moved to the States.

Sister at Stratford, Texas.
Mrs. John Houser of Stratford, Texas, a sister to Holly, wired Friday morning to Mrs. Florence L. Hines asking information as to what had become of the body and if it could be brought to the United States to make the arrangements at once.

Capt. Plinhigh, Lieut. Hines, Mrs. Hines and a detachment of the sixth infantry, who were on duty at the border at this time, that he would communicate the request to Gen. Pershing over the wireless, and at the same time assured Mrs. Hines that Holly had been given a Christian burial by the American soldiers.

AMERICAN HELD IN OJINAGA FOR MURDER, MAKES ESCAPE

Presidio, Tex., May 5.—Jose Rodriguez, an American citizen, arrested a few weeks ago in Mexico charged with the murder of Albert Rodriguez, mayor of Ojinaga, escaped last night from jail, where he was being held pending execution. He is now safe on the side of the river. Jose is no relative of Alberto Rodriguez. Full details of the escape are being kept a secret.

CARRANCISTAS CAPTURE TOWN FROM ZAPATISTAS

Mexico City, Mex., May 5.—Constitutionalist forces have captured the town of Ojinaga, together with a large quantity of ammunition and several railway trains.
Villa Alaya, once the headquarters of Zapata, also was captured. Information from Morelos says the followers of Zapata are being defeated everywhere.

MEXICAN ROAD READY FOR RUSH

North Western to Rebuild
Bridges to Handle U. S.
Army Supplies.

Preparations are being made by the Mexico North Western railroad to handle great quantities of supplies from the border to the army base at Casas Grandes, an official of that company announced Friday.

The railroad will be prepared to handle all of the shipments of supplies which are expected to be shipped over that road as soon as the agreement for the use of the line is ratified. The company now has four locomotives in service in Juarez and on the northern division. In addition there are eight big, long coupled locomotives which are out of service because they are too large to be used over the "shoo-fly" tracks which have been built around the burned bridges on the road.

To Rebuild Bridges.
As these "shoo-fly" tracks leave the main line at sharp angles it is impossible for the long coupled engines to negotiate these sharp curves. However, the railroad company is preparing to rebuild the bridges where these temporary pieces of track have been built around the bridges which have been destroyed and abandon the "shoo-fly."

There is plenty of rolling stock in the Juarez yards to handle the initial shipments of food and supplies to the army. In addition to the locomotives and rolling stock in Juarez there are 11 locomotives and considerable rolling stock at Pearson and much in use on the division between Pearson and Madera, where the army is using the railroad at the present time.

SAMPLE MAKES TRUCK RECORD; SAYS SNIPERS ARE ACTIVE

Rolf Sample, son of Maj. and Mrs. W. R. Sample of the 28th infantry, who has been serving as a chauffeur on one of the army trucks operating between Casas Grandes, Nacaju and Columbus, returned to El Paso Thursday night. Young Sample made the record of being the only driver in the truck outfit who made the entire trip of 18 days without needing a bit of repair work on his car.
Sample said that the trucks were frequently fired upon by Mexican snipers from the walls of the canyons through which the trail leads or sometimes from the little Mexican shacks. A hardship of the trip was the lack of variety of rations, the menu consisting of hard tack, canned tomatoes and "goldfish," as the soldiers have nicknamed canned salmon. This was relieved once by bacon.

SCOTT, OBREGON ABOUT TO MEET

Final Ratification of Agree-
ment is To Be Last Act
of the Conference.

Washington, D. C., May 5.—Indications today were that representatives of the United States and the Mexican de facto government, ready to hold their last conference at El Paso, would reach a final agreement on the problems arising from the American military expedition in Mexico.

Although there was no formal action, notification that the Scott-Obregon agreement is acceptable to the American government was telegraphed to Gen. Scott at El Paso late Thursday by secretary Baker. Gen. Scott is authorized to exchange formal acceptance with Gen. Obregon as soon as the latter has obtained the approval of Gen. Carranza.

President Wilson Thursday night issued this statement:
"I have examined with the secretary of war the report made by Gen. Hugh L. Scott of the conference between him and Gen. Obregon, secretary of war of the republic of Mexico."

"The report includes a tentative agreement covering the future operations of both the American and Mexican military forces and evidences of cordial cooperation between the two governments in their common purpose."
"As this agreement is being submitted to the de facto government of Mexico, it would not be proper for me to permit its publication until that government has an opportunity to examine and consider its provisions. The full text of the proposed agreement will be given out immediately on its acceptance by both governments. In general, I may say that it provides a basis of cooperation which promises to prevent misunderstandings and strengthen the co-ordinal plans of the two republics."

GENERALS WILL GO TO COLUMBUS

Gen. Scott Wishes to See
Field Base; May Leave
Tonight or Saturday.

Gen. Hugo L. Scott and Gen. Fredrick Funston will go to Columbus, N. M., tonight or Saturday to inspect the field base there, if the final conference with Gen. Obregon is held here this afternoon.

This was announced by Gen. Funston at the private car of the two generals in the G. H. yards Friday morning. Gen. Funston stated that neither he nor Gen. Scott would go into Mexico, but were going to Columbus to inspect the base. Gen. Scott having expressed a desire to see the Columbus base before returning to the east. From Columbus the two generals will return to El Paso and then leave for San Antonio Sunday night. Gen. Funston remaining there and Gen. Scott returning to Washington.

Take Down Your Flag, Carrancistas Demand; The Flag Still Flies

Columbus, N. M., May 5.—Thirty Carrancista customs guards stopped an American motor supply train at Palomas, eight miles south of the border, today and ordered the caravans to remove the American flag flying from the cars. The Mexicans, who had been celebrating "Cinco de Mayo," informed them that American flags could not be allowed on Mexican soil.

No attention was paid to the demand and no trouble resulted.
STEAMER WILL TAKE AMERICANS FROM WEST COAST
Washington, D. C., May 5.—The Pacific Mail Steamship company today notified the state department that its steamer San Juan would stop at Mazatlan, Manzanillo and Salina Cruz, on the west coast of Mexico, to take off American and other refugees desiring to leave.

GEN. CARRANZA HAS THE GRIP

Is Confined to Apartments
in Chapultepec Castle;
J. N. Amador Here.

Juan N. Amador, sub-secretary of foreign affairs for Mexico, arrived here Thursday evening with his sister from Eagle Pass and will be accompanied back to Mexico City by his family, who will make their home in the Mexican capital.

Mr. Amador has been a resident of El Paso for a number of years, having been a leading attorney of Juarez prior to the Madero revolution. He has had a prominent part in the Constitutional affairs and was one of the pioneers in the Carranza movement.

No Break.
Mr. Amador stated, upon his arrival here, that the progress of the conference between Gen. Scott and Gen. Obregon was viewed with much satisfaction in Mexico City. "We feel there that the clouds have rolled away and we have again been shown what the American friendship means," said Mr. Amador. "I can deny absolutely that there is or has been any break between Gen. Carranza and Gen. Obregon. They have been exchanging messages and their relations are even more friendly than ever. Such reports are without foundation and originate on the border without a basis of fact. Gen. Carranza is now in his apartments in Chapultepec castle, suffering from an attack of grip, but he is watching affairs on the border closely."

Humor Factories.
"We have our humor factories in Mexico City the same as you have on the border. When I left there was a wild report that Gen. Obregon was not on the border at all, but was in the interior and was planning to march on the border to you here who know that Gen. Obregon is here, but it is no more so than the reports of a break between the first chief and the minister of war as seen by Mexico City."

FIVE AMERICANS KILLED, REPORT

Miner Comes From Sinaloa
With Report of Murders;
One Was Volax.

Five Americans were murdered by bandits between Rosario and Mazatlan, Sinaloa, an American mining man who arrived at the border Friday morning reported.

One of the Americans, he said, was named Volax and he could not learn the names of the four others, as he left as soon as he heard of the murder for fear he might be captured and killed by the roving band of bandits which is terrorizing that country. He said the American mining men were working claims in the interior when the bandits appeared, robbed them, looted their camp and then shot all of them.

The American also reported that two German firms, the houses of J. Melchor and the house of Wholer & Harting, of Mazatlan, had been fined \$5,000 and \$6,000 pesos for refusing to accept Carranza currency. The American said that when these fines were offered in Carranza currency they were refused and silver insisted upon by the officials.

CRUISER DENVER ORDERED TO GO TO SALINA CRUZ, MEX.

San Diego, Cal., May 5.—(Mexico.) Radio orders have been sent from here to commander M. E. French of the U. S. cruiser Denver, to proceed with his vessel from Topolobampo to Salina Cruz. The Denver was ordered to leave Topolobampo for San Diego to hold target practice, having been relieved by the cruiser Chattanooga. Salina Cruz, which is the western terminal of the Tehuantepec railway, was reported recently to have been the scene of an anti-American demonstration, following the attack on American troops at Paral.

JUAREZ GAY FOR 'GINGO DE MAYO'

Anniversary of Victory at
Puebla Celebrated in the
Border City Friday.

Juarez was particularly jubilant Friday. It was the great "Cinco de Mayo," meaning that May 5 has a patriotic significance in Juarez somewhat identical to April 21, in Texas, or July 4 in the United States.

Turning the calendar back to May 5, 1862, while the United States was in the midst of its civil war, a courageous young Mexican named Ignacio Zaragoza with a Mexican army defeated the flower of the Maximilian army at Puebla and settled, once for all, the pretensions of the house of Austria to create an empire in this western world.

Each year Juarez and all the other towns in Mexico bade themselves in the three colors, red, green and white. Friday Juarez not only commemorated the victory of 1862, but also there was present the cheerful note of expectancy that Mexico had passed through an unusually long and arduous struggle, and that the border city's guest, had at last brought an element of peace into an altogether too much shot up town.

Plaza Gay With Streamers.
The Constitutional plaza, with the slender mulberry trees, had gay streamers floating from the branches. Also pennants were waving from the branches, and the bright colors were very fascinating to the men and women who gathered upon the benches below, and especially to the small persons, who excused the many miserable men and women who had no eyes to see the colors.

Band Concert Given.
In the morning hour there was no evidence of festivity. Noon brought out many, and the band of the government gathered among the rose blooming bushes of the court general, and played bright and patriotic airs.

The tri colors were flown from the tops of all the public buildings, while smaller flags and stretches of bunting framed the low roof tops of the adobe buildings.

16 MEN FROM BASE HOSPITAL TO BE TAKEN TO SAM HOUSTON

Sixteen men in the base hospital at Fort Bliss who are suffering from chronic diseases will be sent to the department hospital at Fort Sam Houston tonight. They will be accompanied by Pvt. V. J. Jones, of the hospital corps.

The men who will be sent to the department hospital to make room for more men at the fort from the front are: Pvt. John Worcester, engineering corps; Pvt. Joseph Sambrugh, company E, 24th infantry; Pvt. Herman F. Deck, troop B, Seventh cavalry; Pvt. Oscar Felzer, company C, 16th infantry; Pvt. Thomas J. Wines, company I, Sixth infantry; Pvt. Frank A. Mitchell, company H, Sixth infantry; Pvt. Louis E. Graham, company L, Sixth infantry; Pvt. Harry L. Lindsey, company M, 24th infantry; Pvt. Fred C. Smith, company F, 24th infantry; Pvt. Milton B. Smith, company F, Sixth infantry; Corp. M. E. Jones, company G, Seventh infantry.

CONFERENCE MAY OCCUR SATURDAY

Friend of Obregon Drops
Hint; Michie Calls
on Obregon.

Lieut. Col. R. E. L. Michie, aide to Gen. Hugh L. Scott, visited Gen. Alvaro Obregon in his private car in Juarez at 10:30 Friday morning and after passing fine minutes in the car, entered a closed automobile and returned to the El Paso side. The belief is that a conference may occur during the afternoon or Saturday, as Gen. Scott stated that he had asked Gen. Obregon to set a time for the next meeting. This is thought to have been the purpose of Lieut. Col. Michie's visit to Juarez during the morning hours.

One of Obregon's staff said a third conference might be held on Saturday.

Obregon Ready.
Gen. Obregon indicated Thursday that he was prepared to close the whole matter and his train was in readiness to leave, since that time additional issues have grown out of the agreement now before the cabinets of the two republics and until these are adjusted, the conference is scheduled to continue for a number of days.

The Mexican minister of war has received many of his officers into his private car during the past 24 hours and many points have arisen and been discussed.

Corp. William T. Herms company D, 24th infantry; Pvt. Robert E. Basley, 11th cavalry; Pvt. Dan F. Basley, company G, engineering corps.

Obregon's Car Hits Wagon, Breaks Boy's Leg, Chases a Car Off Street, Disappears

Speeding down El Paso street a large Peerless touring car bearing the Juarez license number 34, crashed into a transfer wagon driven by Miguel Gilbert, forced another automobile to drive on the sidewalk to avoid a collision, and knocked L. Rojas, a messenger boy, from his bicycle to the pavement, breaking his right leg. Friday morning at 11:45 o'clock, at Second and El Paso streets, The driver of the speeding car did not stop.

Rojas was taken to the emergency hospital, and was found to have sustained a slight fracture of the right leg. Gilbert, owner of the transfer wagon, and A. Loya, driver of the automobile which was forced to drive onto the sidewalk, also appeared at the station, and signed complaints against the driver of the machine, on a charge of reckless driving.

The car, it is said, is owned by Gen. Obregon, and is the same one that was taken to the police station several days ago, for failing to carry headlights and a license number. Gen. Obregon was not in the car.
